BANQUET TO CELEBRATE BUSH PITCHING HIS NO HIT GAME

LANDED BUSH IN TEMPLE OF FAME

Feat of No Hit, No Run Game Scored Against Cleveland by Joe Bullet Leslie Bush August 26

Banquet at Ransford Hotel Monday Evening, November 20, to Celebrate That Auspicious Occasion

The many admiring friends and comrades of our famous baseball pitcher, Joe Bullet Leslie Bush, have taken advantage of his visit here to show their appreciation of his remarkable achievement in pitching a no hit game against Cleveland the past season.

During the many years of baseball history but very few pitchers have had the singular honor of hurling a no hit, no run game, and proud to say, our own Leslie is one of those few who has carved his name in the pillar of no hit fame. Any pitcher who can pitch a no hit game wins the lasting applause and admiration of baseballdom but to have our own Brainerd fellow townsman step up in the highest baseball circles and accomplish such a feat, is to the humble citizens of this town, an achievement worthy of the everlasting appreciation of every individual around these parts.

A large number of the Bush admirers have arranged to show their appreciation of Bush's no hit triumph by giving a banquet in his honor at the Ransford hotel next Monday night. An elaborate and sumptuous feed has been arranged for and a lively program is scheduled.

A six piece orchestra will furnish music all evening and among the numbers on the program will be a speech by Col. C. D. Johnson, who is an old time ball player himself, having held down the position of shortstop on the famous Gull River Silk Stocking team of 1886. The colonel may be too old and stiff to go out and pitch a no hit game like his friend Joe Bullet Bush but he is certain to give the boys a winning speech when he winds up for his oratorical outburst at the Ransford next Monday night.

Another feature of the entertainment will be the singing of the Imperial Trio, former Senator S. F. Alderman, Al Mraz and Rolfe Jenkins. They have been practicing together all summer and have mastered a number of songs which is sure to bring down the applause of the no hit banqueters.

Little Tom Wood will be on the program and is down for a speech and a song.

More announcements are to follow.

ALLEGED MATRICIDE'S TRIAL

Young Teiper Faces Jury in Buffalo Court.

Buffalo, N. Y., Nov. 16.—Charged with murdering his mother by shooting and beating her to death, Jan. 30 last, John Edward Teiper was brought into court for trial here. His sister Grace, who is expected to be the chief witness in the trial, is under the care of a physician, her mind still blank as to the events immediately preceding the assault, it is charged Teiper made upon her at the same time and place their mother met death.

It is said that the defense expects her evidence to support Teiper's claim that the crimes were committed by an unidentified man, supposedly a negro, who attacked his mother, sister and brother, Frederick, to rob them as their automobile stood in the roadway near here.

WOMAN AVIATOR TO AT-
TEMPT CHICAGO-NEW
YORK TRIP.

Chicago, Nov. 16.—Miss Ruth Law, aviator, will make a one-day flight from Chicago to New York Friday or Saturday. She will leave Grant Park at 4 a. m. and expects to reach New York early in the afternoon.

TEUTONS WIN OLD GROUND IN WEST

Launch Violent Blows Against French Along Somme.

HARD BATTLE IN TRANSYLVANIA

British Extend Their Positions on Ancre River—Russians and Roumanians Give Way at Almost Every Point Before Germans.

London, Nov. 16.—While the British were further advancing their front north of the Ancre river, or consolidating their newly won position, the French and Germans engaged in violent combats both north and south of the Somme.

In both regions the Germans made gains—in the northern corner and western outskirts of the St. Pierre-Vaast wood, north of the river, and in the eastern part of the village of Pressoir, south of the stream.

The French official communication, in admitting the loss of this ground, says the Germans obtained only limited advantage at the price of very heavy losses.

In the north the German attacks extended from Les Boeufs to the south of Bouchavesnes, a front of five miles, and south of the Somme, from Ablaincourt to the Chaulnes wood, about three miles. The attacks were launched after violent artillery preparations.

British Attacks Break.
Berlin, in referring to the British attack, which gave them the town of Beaucourt, says that except at Beaucourt all the British attacks broke down with heavy casualties.

On the southern bank of the Ancre, the attack already has been shattered, says Berlin, which adds that fighting is proceeding near Sailly-Saillais and Pressoir.

The Transylvania front, aside from the line in France, is furnishing the most sanguinary engagement. Here almost everywhere the Austro-Germans are gaining ground against the Roumanians and Russians. In the Turgouly, Alt and Jiuul valleys the Teutonic allies have forced their antagonists still further back.

In the Dobrudja region Bucharest reports the occupation by the Roumanians of the town of Boasic, on the Danube.

Berlin admits that on the Cerna river bend in Serbia, the Entente allies have captured some heights.

East of Gorizia the Austrians by a heavy bombardment have compelled the Italians to give up some of their trenches. On the Carso front the Italians have made advances at several points.

ENGLISH TO LIMIT FOOD CONSUMPTION

London, Nov. 16.—Warning that the situation in England has reached a point where the government may be "compelled to take artificial means to limit the consumption of food" was sounded in commons by Walter Runciman, president of the board of trade.

As one of the first steps, Mr. Runciman announced, the government will limit milk prices.

"Consumption has gone too far," said Mr. Runciman. "Men must be brought back for farming and shipbuilding or the government may be compelled to take artificial means to limit food consumption."

MRS. INEZ BOISSEVAIN.

Suffragist Leader Whose Condition Is Reported as Serious.

Photo by American Press Association.

MRS. BOISSEVAIN VERY ILL

Suffragist Leader, Sick in Los Angeles Has Relapse.

Los Angeles, Cal., Nov. 16.—A fifth transfusion of blood was made into the veins of Mrs. Inez Milholland Boissevain, New York suffragist, and the patient's condition was reported as "critical" by the attending physician.

Pleurisy developed today to complicate the severe anemia.

Heavy Fighting South of Border

(By United Press)

El Paso, Nov. 16.—Heavy fighting reported between the Carranzistas and Villistas 150 miles south of the border on the Mexican National railway.

Solution for the Yellow Peril Named

Baltimore, Nov. 16.—Organization of the Chinese workmen in their non-home country is the solution for the yellow peril favored by the American Federation of Labor, Andrew Furseth, head of the Seamen's Union said.

Do Not Criticise Food Regulations

London, Nov. 16.—No newspaper or individual in the entire kingdom has criticized Walter Runciman's contemplated food regulation, the only criticism being where the plan is apparently not sufficiently drastic.

FORCE BRITISH TO PAY TOLL WITH LIVES

Berlin, Nov. 16.—Gen. Von Hindenberg is forcing the British to pay toll in lives in proportion to the gains made in fighting on the Somme front. Today he had the line under terrific fire, with a prospect of the enormous casualties of their initial advance being repeated.

4 MILES SOUTH OF MONASTIR

Paris, Nov. 16.—An official statement says that France-Russian troops hurled back the German defenders and are now a bare four miles south of Monastir. Through the Macedonian theatre of war the Germans are steadily pressed backward.

GERMANS OCCUPY SALLIESEL

Berlin, Nov. 16.—An official statement says that the Germans have stormed and occupied the village of Salliesel from the French.

Brotherhood Leaders Before the American Federation of Labor

(By United Press)

Baltimore, Nov. 16.—The leaders of the four great railway brotherhoods will appear before the American Federation of Labor next week on the eight hour principle, and at the same time will endeavor to hasten a coalition of the brotherhoods and the federation.

Northern Pacific is Filing Suits in all the District Courts

(By United Press)

Fargo, Nov. 16.—That the Northern Pacific road intends filing suits in every district court in the territory through which it runs, restraining the Adamson law, was evidenced this morning when they introduced suit in the federal district court here. Similar suits in the district court at Minneapolis were filed yesterday, and the Great Northern and Milwaukee lines will follow shortly.

History's Greatest Struggle Between Labor and Capital

(By United Press)

New York, Nov. 16.—History's greatest struggle between labor and capital is forming, the employers national industrial conference board represents \$8,000,000,000 capital and employs 7,000,000 and proposes to watch industrial legislation closer, with the legislators guided by public information and favoritism to labor eliminated.

Official Elected will have to wait Investigation Result

(By United Press)

Chicago, Nov. 16.—Pending the outcome of the state and federal investigations of election irregularities the Cook county officials who were elected will have to wait until Dec. 1 to take their jobs, is the announcement of Judge Scully.

Bank Robber Killed while Robbing the Saint Paul Security

(By United Press)

St. Paul, Nov. 16.—Wm. Sandell, 22 years of age, was killed while attempting to rob the Security State bank in the residence district which he entered this afternoon. He put a revolver in the cashier's face and secured \$670. At this moment William Oliver, a detective who had been staying in the bank since it was held up and robbed last April, opened fire and killed Sandell before he got out of the bank building.

Aggressive Fight for Adamson Law

(By United Press)

Washington, Nov. 16.—The administration is ready to start an aggressive fight in behalf of the Adamson law, now that the object is a concerted attack by a majority of the railways of the country. The belief is expressed that the effort to enjoin the operation of the law will fail. It is hinted that the government will not confine itself to defensive tactics.

NIGHT SCHOOL IN SOUTHEAST BRAINERD

Established at the Harrison School with an Initial Enrollment of Forty Adult Pupils

Chief Aim is to Prepare Many to Pass the Court Tests for Citizenship, Three Classes Formed

Hughes Lead is 302 at 2 O'clock Today

(By United Press)

St. Paul, Nov. 16.—Hughes' lead this afternoon at 2 o'clock was 302 in Minnesota, based upon the official returns from 57 of the 86 counties, a change being due to the Lac qui Parle county vote. Hennepin county has failed to change the result so far, and it will take four more days to complete the count.

California Probably 3800 Wilson's Favor

(By United Press)

San Francisco, Nov. 16.—50 out of 58 counties show that Wilson's net gain is 502 in the official recount. The figures seem to indicate Wilson's lead over Hughes will be 3,700 to 3,800.

May Take Four Days to Recount Hennepin

(By United Press)

Minneapolis, Minn., Nov. 16.—With Charles Evan Hughes and Woodrow Wilson running a neck and neck race upon unofficial returns for Minnesota's twelve electoral votes, the official post mortem and inquest over Hennepin county's popular vote began today.

The official recount of the votes of this county, the largest in the state was begun at the county auditor's office. Great importance being attached to the figures from this county both parties had men present when the recount was made.

The great element of doubt is the recount of this county. This county has the largest vote of any in the state and it is remembered that when Ramsey (St. Paul) county, the second largest in the state and St. Louis (Duluth) the third largest county in the state, were officially canvassed it resulted in a change in the figures that netted Wilson 349 in Ramsey and 62 in St. Louis. In Red Lake county, the official count helped Wilson a net of 38.

Leaders of both big parties hope some mistake can be found in Hennepin figures, to help their candidate. Owing to the fact that there was not only the national and state election, but also a city election, the count will proceed slowly, and probably take four days.

Candidate for Speaker

(By United Press)

St. Paul, Minn., Nov. 16.—R. J. Parker, Spring Valley, representative at large from the first legislative district, today announced himself as a candidate for speaker of the house. He claims he made no preselection pledges.

Two are Killed at Grade Crossing

(By United Press)

Oconomowoc, Wis., Nov. 16.—Edwards and Jack Humphries were killed when their auto was hit by a Northwestern line passenger train at the grade crossing near here. Frozen brakes on the automobile is blamed for the accident. Both men were prominent farmers.

Under the supervision of Prof. W. C. Cobb, superintendent of the city schools, a night school has again been established at the Harrison school in Southeast Brainerd and the initial enrollment is forty, with more in prospect.

There are three classes, one for those with no knowledge of English, one for those who know some English and one for those who wish to perfect themselves in the groundwork for the duties of citizenship and to pass the necessary examinations when securing their final papers. There are classes for women too.

The teachers are Miss Brady and Miss Freeberg. People of Finnish extraction form the largest percentage of foreigners.

RENNVILLE RETURNS CUT HUGHES' LEAD

St. Paul, Nov. 16.—With forty-six of the eighty-six counties in Minnesota having turned in their tabulation sheets to Secretary of State Schmahel and with unofficial returns from the remainder, including Ramsey and Hennepin, Charles E. Hughes' plurality was 355.

The total vote was: Wilson, 177,798; Hughes, 178,183.

The sheets from Renville county made the big difference over the previous lead of more than 1,000, credited to the Republican candidate.

The official vote, checked over at the capitol, gave Wilson 69,598 and Hughes 80,975.

In the forty-six counties, Allan L. Benson, Socialist, polled 8,095 and J. Frank Hanly, prohibitionist, 3,803.

JEALOUSY CAUSES MURDER

One Minneapolis Man Shoots Another and Woman Is Injured.

Minneapolis, Nov. 16.—Edward Baker, driver for the Artificial Ice company, was killed instantly and James Gardell was perhaps mortally wounded in a revolver duel at the latter's home.

The trouble between the men grew out of the attentions both paid to Mrs. Lucretia Gray, at whose home Gardell roomed, according to his statement to the police.

Gardell declared that Baker had threatened his life, as well as that of Mrs. Gray.

Becoming frightened by the shooting, Mrs. Gray leaped from a second-story window and suffered cuts and a wrenched limb from the fall.

DROWN PLAYING ON THIN ICE

Three Grand Rapids Children Die in Ten Feet of Water.

Grand Rapids, Minn., Nov. 16.—Two sons of George Wilson of Ballclub, eight and eleven years old, and Bennie Tibbets, nine years old, were drowned in Ballclub lake, playing on ice with their companions during recess from school.

The bodies were found in ten feet of water 200 yards from shore.

WILSON OPENS WIRELESS

President Inaugurates New Service With Greeting to Japanese.

San Francisco, Nov. 16.—Sitting in Washington, President Wilson exchanged greetings by wireless with the emperor of Japan in Tokio, thus opening the longest distance commercial wireless service in the world. It was the inauguration of the San Francisco-Tokio service of the Marconi company.

The president sent greetings to the mikado and the people of Japan. Messages were also sent to Communication Minister Takana and the American ambassador from the Japanese embassy at Washington.

Past Illustrious Potentate J. Frank
Treat, of Fargo, N. D., present.

The regular Mid-Week services of
the First Congregational church will
not be held. Rev. G. P. Sheridan, the
minister requests that all mem-
bers attend the services at the Epis-
copal church at 7:30. Rev. C. H.
Evans of Japan will give the ad-
dress.

This zero weather comes a trifle
sudden. Dig yourself in comfortable
underwear, wool socks, heavy soled
shoes, warm winter overcoat, lined
gloves or mittens, in an ear-protect-
ing and neck-covering cap. H. W.
Linnemann's is the store that has the
winter wearables for men and boys.
140tf

The case of Marion Cunningham
vs N. C. Anderson is still on trial in
the district court. Cunningham is
suing for over \$5,000 damages, alleg-
ing personal injuries were caused
when Anderson's car bumped his
motorcycle and broke Cunningham's
motorcycle and smashed it \$100
worth.

Coats for the boys. A boy doesn't
like an overcoat as a rule, just as a
man hesitates to start wearing of the
heavy winter garments. But they
have to in this climate and soon get
used to the extra weight. We have
carefully studied how to overcome
the boys' objections and nearly all
our boys' overcoats are made up in
an easy-to-put-on, roomy and com-
fortable double-breasted, knee-length
style. H. W. Linnemann. 140tf

Fred S. Hennick, a deaf mute who
has been staying at the Iron Ex-
change hotel, was arrested on com-
plaint of Paul Slipp, and is now
lodged in the city jail. Hennick has
been soliciting funds to be used, he
claimed, to get a college course.
Slipp charges that Hennick struck
him in the face with his fist, being
an assault in the third degree.

Cart and Horse.

A certain man, being much vexed
by politicians, made bold at length to
speak his mind.

"You put the cart before the horse,"
he insisted. "No man ought to belong
to a party. The party is a mere con-
venience, and it ought to belong to the
man, like any other convenience, to
serve him as it may or give way to
something else as it may not."

But the politicians hadn't been in the
business all these years for nothing.
They were by no means to be talked
out of a good thing. "We confront a
condition and not a theory," they made
answer. "The horse is so used to
working that way he doesn't know
there's any other."—New York Post.

India annually exports about 1,000-
000 pounds of fish maws and shark
fins for edible purposes, mainly to other
oriental lands.

It is a known scientific fact that the
hottest region on earth is along the

Farewell Party for Mr. and Mrs. H. T.
Baldwin who have Gone to
Fargo, to Make Home

Barrows, Minn., Nov. 16—A party
of clam and pearl fishers from Granite
Falls are engaged in their occupation
along the Mississippi river here.

Fred Klasey returned from North
Dakota the last of the week by auto.

W. H. Donohue was in Brainerd on
business Monday.

The dance at Peck's hall Saturday
evening was well attended and all
report a good time.

Capt. W. J. Nicholas and family
motored to Little Falls on business
Saturday.

Steve Swartout of Pillsbury, was
here Sunday and also visited with
Mr. and Mrs. L. Bailey at Crow Wing.

Wm. U. Knight of Minneapolis
transacted business at the First State
bank Friday.

A farewell party was given by a
number of the Barrows ladies Friday
afternoon in honor of Mrs. H. T.
Baldwin, at her home.

Harry Anderson, who is operating
a drill at Woodrow, was visiting with
friends in town Sunday.

E. Smock, the merchant, was in
Brainerd for a load of supplies Mon-
day.

Mrs. O. Stuck and brother of Long
Lake visited with Mr. and Mrs. S.
Potter Sunday.

Geo. and Angus Chisholm left for
Blackduck a few days ago where they
will hunt deer.

Mrs. John Chisholm of Crow Wing
visited with Mr. and Mrs. W. H. Don-
ahue Sunday.

H. J. Martindale and R. L. Elder
made a business trip to Duluth and
Superior last of the week.

Mrs. E. S. Klasey and Mrs. F. L.
Dixon attended the teachers conven-
tion at Brainerd Saturday.

A special school meeting of District
No. 19 was held at the Wilson school
Saturday evening.

T. E. Dahljelm left Tuesday for
Manganese and the north range to at-
tend to business matters.

R. L. Elder left for Ironton first of
the week where he is employed at the
Armour mine.

H. T. Baldwin and family left on
Wednesday for Fargo, N. D., where
they expect to make their future
home.

Isolated Paraguay.

Paraguay is shut in on the west,
north and east by hundreds of miles of
thick, almost uninhabited forest coun-
try. On the south the greater part of
the outlet is barred by swampy land,
practically without population. From
the day of its discovery to the present
time the country has had only one ar-
tery of exit and entrance, the Parana
river.

COURSE IN COOKING OFFERED

Loyal Order of the Moose to Give a
Thanksgiving Ball November 29,
Rochon Orchestra Plays

Crosby, Minn., Nov. 16—Fire de-
stroyed the dwelling of George Shar-
pleh in the west end of the village.
Crosby and Ironton fire departments
turned out.

William Bamberg was at Brainerd
on business.

The Mothers' club meeting in the
Franklin school was well attended.
The relief committee reported on
work done.

An old time social dance will be
given at the Coliseum rink Friday
evening, November 17.

Mr. and Mrs. L. E. Dunn, of Min-
neapolis, visited in Crosby. Mrs.
Dunn was formerly Miss Cullen, of
Brainerd, and a teacher in the Crosby
schools.

Mrs. H. J. Kruse and children left
on Friday for Joplin, Mo., where they
will enjoy a few weeks' visit with
Mr. Kruse, who is in the lead and
zinc mining business.

J. T. Harp and Maurice Young are
hunting near Dean Lake.

The Loyal Order of the Moose is to
give a big Thanksgiving ball in the
Coliseum rink on November 29. Ro-
chon's orchestra will play.

Crosby's night school has now an
enrollment of 65. Four classes are
being conducted in reading, spelling,
phonics, penmanship, arithmetic,
United States history, Minnesota and
United States geography and English
conversation. Special instruction is
given in shopwork, mechanical draw-
ing, sewing, bookkeeping, shorthand
and typewriting, and a course in
cooking will soon be offered. P. N.
Haughtelin, superintendent of
schools, has general supervision of
the work and will repeat the success
attained in the first year's course.

A. J. Hayes is visiting his mother
in LeRoy.

Mrs. M. E. St. John, of Heron
Lake, is visiting her daughter, Mrs.
Marc Atkinson.

George Chamberlin, engineer with
Ben A. Milzen, is spending a week in
Hibbing.

Edward Lovdahl came all the way
from St. Paul to cast his vote at the
election.

Wm. Herrett has resigned as chem-
ist at the Lerch Bros. laboratory.

H. W. Linnemann, the Brainerd
clothing, was in town Wednesday on
business matters.

Harry Folles and H. J. Anderson
have leased the Empress theatre.

An Old Drought Cure.
An old time spec for drought was
simple enough. It was only necessary
to burn fern. An interesting reference
to this belief occurs in a manuscript
letter preserved in the Pococke collection
in the British museum. It is dated
Aug. 1, 1636. It runs: "To My Very
Loving Friend, the High Sheriff of the
County of Stafford—Sir: His majesty,
having taken notice of an opinion en-
tertained in Staffordshire that the burn-
ing of fern doth draw down rain and
being desirous that the country and
himself may enjoy fair weather as long
as he remains in those parts, hath com-
manded me to write unto you to cause
all burning of fern to be forborne."

London Spectator.

"Nothing ever works in that house."
"Oh, yes, the preserves do."—Balt-
more American.

for the new high school building.

Ironton's tax levy for the current
year is \$15,000 for the general fund,
\$8,000 roads and bridges, \$6,000 for
septic tank, \$5,000 for water depart-
ment, \$3,000 for bond sinking fund,
\$4,000 for bond interest fund, \$5,000
for storm sewer, \$600 for poor fund,
\$300 for library fund, \$500 for fire
department, making a total levy of
\$45,400.

Mr. and Mrs. Al Victor spent the
week end in Brainerd.

E. A. Lamb, now engaged in zinc
mining in the Joplin district, return-
ed home to vote.

Ira W. Smith, of Duluth, was in the
village looking after his realty in-
terests.

Representative Edward R. Syver-
son has returned from a business trip
to Duluth.

Mrs. Carl Dandrea entertained in
honor of her son, Albert's fifth birth-
day.

A RAW, SORE THROAT

Eases Quickly When You Apply
a Little Musterole

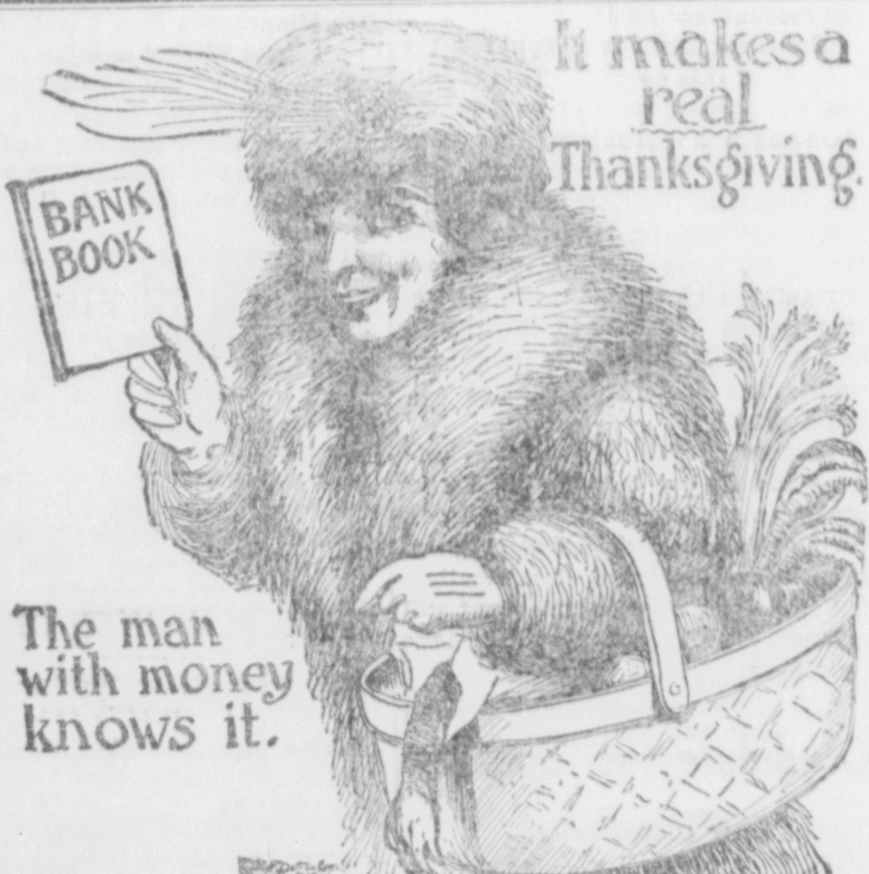

And Musterole won't blister like the
old-fashioned mustard plaster. Just
spread it on with your fingers. It pen-
etrates to the sore spot with a gentle
tingle, loosens the congestion and draws
out the soreness and pain.

Musterole is a clean, white ointment
made with oil of mustard. It is fine for
quick relief for sore throat, bronchitis,
tonsillitis, croup, stiff neck, asthma, neu-
ralgia, headache, congestion, pleurisy,
rheumatism, lumbago, pains and aches of
the back or joints, sprains, sore muscles,
bruises, chilblains, frostbitten feet, colds on
the chest (it often prevents pneumonia).
Nothing like Musterole for croupy chil-
dren. Keep it handy for instant use.
25c and 50c jars; hospital size \$2.50.

WOMAN'S REALM

COMPETE IN SALES RED CROSS SEALS

Pennants to be Award to Winners. Over 300,000,000 Seals are Distributed

FORMER STATE WINNERS GIVEN

100,000,000 Christmas Seals Sold \$1,000,000 to Wage Fight Against Tuberculosis

With the opening of the Red Cross Seal sale today, every state and thousands of cities, towns and villages are entering a competition to see who will sell the most seals per capita for the prevention of tuberculosis in their communities. Over 300,000,000 seals have been distributed for the sale.

The cities, towns and villages have been divided into 10 classes according to population ranging from 600 to 1,000,000 and over. Pennants will be awarded by the American Red Cross and the National association for the study and prevention of tuberculosis in each of the classes. Similar pennants will be awarded to states selling the most seals per inhabitant, the states being divided into three classes according to population.

Last year Hersey, Pa., sold more seals per capita than any other city or town in the United States, reaching a total of 29.04. In Rhode Island, 2.29 seals per capita were purchased by the people of the state, a record sale among the states.

In addition to the pennants, a special honor certificate will be awarded to any community which sells five or more seals per inhabitant. It is hoped that this rivalry among cities and states will stimulate the sale of Christmas seals to 100,000,000. This will mean \$1,000,000 for the fight against tuberculosis in the United States.

Last year the following towns were among the Minnesota pennant winners: Twin Valley, Clarkfield, Tracy, Worthington, Paribault and Virginia. Minnesota won the 1915 pennant for states of its size with a per capita of 1.34 seals.

Women Learning How to Fight for Ballot

Baltimore, Nov. 16—This is the "first week of school" for the suffragists from many parts of the United States attending the suffrage school opened here under the auspices of the National American Woman Suffrage association. Classes in political organization, public speaking, suffrage history and argument, legislative and Federal work, and press and publicity are now in full swing and the ardent "pupils" are deep in the lessons of suffrage campaigning.

A model open air meeting was held in the streets of Baltimore last night, at which suffrage speeches from a decorated automobile, heckling crowd and all the other features of such a gathering were demonstrated.

Mrs. Carrie Chapman Catt, president of the National Association will arrive tomorrow to give lectures both tomorrow and Saturday on organization, legislative and Federal work, and will address a large public meeting on Friday night. The school will close on Saturday.

The Baltimore school is but the first of the series that the National association will open throughout all the non-suffrage states, suffragists in many parts of the country having asked for a short course of this kind. Mrs. Catt has arranged to have one school in each of these states to prepare the workers for the 1917 campaign.

Bethany Festival and Sale

The auction sale and festival given by the Ladies Aid society of the Swedish Christian Bethany church will be held on Friday evening, Nov. 17, at the church. Many useful and beautiful articles will be offered for sale. Refreshments will be served.

GRAND BALL

Hawaiian One Step will be Featured by the Brainerd City Band

The Brainerd City band will present to those attending their ball on Friday evening a program of music almost entirely new to those who attend dances at least twenty new numbers will be used.

Two Hawaiian one steps will be the feature of the evening. Two waltzes will be introduced written by Nevil.

The proceeds of the dance goes toward buying new music.

Sewell-Weckwerth

A very pretty home wedding occurred last evening at the home of Mr. and Mrs. John Sewell, 822 Quince St. when their daughter Gladys M. was given in marriage to Arthur C. Weckwerth of Waseca.

Rev. R. E. Cody, pastor of the First Baptist church, performed the ceremony using the short ring service.

Miss Grace Sewall, sister of the bride, acted as bridesmaid and a brother-in-law of the groom acted as best man.

A wedding arch was tastefully arranged of pure pine boughs and white paper bells while the rooms were decorated in red and white with pink roses.

At 8 o'clock Miss Georgie Sheridan began playing Lohengrin's wedding march and the party took their places at the improvised altar.

Miss Anna Michaelson sang "O Promise Me" just before the service and followed it by singing "When Song is Sweet."

The bride was gown in white satin trimmed with crepe de chine and shadow lace. She wore a bridal veil with wreath of lilies of the valley and carried a bouquet of white roses. The bridesmaid wore a gown of white crepe de chine and carried pink roses.

A four course wedding dinner was served after the service. About twenty-five guests were present. Among those from out of town were Mr. and Mrs. Irving Sewell of Crosby, Mr. and Mrs. Edward Weckwerth, father and mother of the grooms, Mr. and Mrs. J. D. Miller and Mrs. W. F. Weckwerth, all of Waseca.

The bridegroom is a prosperous young farmer of Waseca, and the happy couple took the early morning train for that city where they will make their home on his farm.

A wide circle of friends wish them much happiness in their married life.

Stewart-Senti

A pretty home wedding took place at the residence of Mr. and Mrs. J. C. Conant last evening when Chris Senti and Della Stewart, both of Staples were united in wedlock by Rev. W. J. Lowry.

Mr. Senti is well known in this city, having lived here for many years. He is a bootmaker in the employ of the N. P. at Staples. The bride is a popular young lady of that city.

The out of town guests were Jacob Senti of Minneapolis and John Senti of Milwaukee, Wis.

After a short honeymoon the newlyweds will make their home at Staples.

Card Party

Young ladies of St. Francis Catholic church give their card party at the K. C. hall in the Citizens State bank building this evening. The event is one of the first of the season in the parish and will undoubtedly be largely attended.

Peoples Congregational Supper

The annual supper of the Peoples Congregational church will be held at the church on Friday evening, November 17, being served from 5:30 to 8 o'clock.

The United States pays rear admirals \$8,000 a year; Japan pays hers \$1,643 a year.

HON. JAMES T. HALE VOTES IN DEERWOOD

Prominent Member of the State Tax Commission Retains his Legal Residence in Deerwood

FOREST FIRE RAGED IN COUNTRY

Civic League Secures Mrs. Thomas as a Speaker, Has Been Connected with Hull House

Deerwood, Minn., Nov. 16—The Civic League announces that Mrs. Thomas, of Chicago, who has been connected with Hull house settlement work under the direction of Miss Jane Adams in Chicago, will deliver a lecture in Deerwood under league auspices.

Mr. and Mrs. Leonard Anderson are the parents of a baby girl.

C. M. Patek of Brainerd, was in town Thursday.

Mayor C. W. Potts has returned from a business trip to Duluth.

The Klondike Township Mutual Insurance Co. held a directors meeting in the village on Saturday afternoon.

County Commissioner John A. Oberg and Julius Brandt are hunting deer.

Col. J. M. Ruggles, who spends his summers at his farm estate near Deerwood, returned to Superior, Wis., in time to vote. The family will return to Deerwood early next April.

The baby daughter of Albin Johnson choked to death while eating a piece of meat.

A forest fire threatened the farm home of Sam Erickson.

Judge James T. Hale, of the Minnesota State Tax Commission, visited his son, Paul M. Hale. Deerwood is Mr. Hale's legal residence and he voted here.

While riding the carriage at his saw mill W. H. Villneuv, of Farm Island Lake, lost several fingers.

J. A. Stetson has returned from Duluth.

Mrs. Paul M. Hale is sick.

James Quinn and brother are hunting deer at Dean Lake.

Charles Carlson of Clearwater lake, is serving as a juror at Brainerd.

In the doll contest conducted by the Catholic ladies Mary Smith won the large doll and Freda Erickson the small one. \$46 was realized.

Andrew Hoglund has started a butcher shop.

Prof. J. R. Sharp attended the teachers meeting at Brainerd.

O. C. Coffin, C. C. Wheeler, Robert Archibald, Sr., and son, Douglas, are deer hunting at Dean Lake.

Mr. and Mrs. Martin Ness motored to Brainerd on Saturday and visited friends there.

MANY AT SUPPER

J. C. Congdon Circle No. 89, of the Ladies of the G. A. R., Served Supper Wednesday

J. C. Congdon Circle, No. 89, of the Ladies of the G. A. R., served supper Wednesday evening at the Trades & Labor hall and the affair was most successful, in fact, so much so, that the ladies were hardly prepared for the rush which stormed the hall.

Every one was pleased at the fine chicken pie served, and all the trimmings which went with it. Edison selections were given by Morris D. Folsom and his repertoire included many patriotic selections.

The tables were decorated with flags from the post. Soldiers and their wives were in attendance and citizens generally and the ladies of the circle were highly pleased with the patronage accorded them.

The Tongue and Typhus.

According to P. Remlinger, quoted in the Journal of the American Medical association, an infallible method of telling whether a patient has typhoid or paratyphoid or the much more serious typhus is to ask him to put out his tongue. The typhoid or paratyphoid patient does it without effort, but if he has typhus he cannot get it beyond his teeth.

Older Still.

"It makes a chap feel rather old to meet the grown son of a former college mate."

"That's so, but if he tries to make love to the grown daughter of a former college chum she'll make him feel older still."—Birmingham Age-Herald

The Right Kind.

"Modern steamers are floating boats."

"Do they employ the bell buoys?"—Baltimore American.

Clear Bad Skin From Within

Pimples, Muddy complexion are due to impurities in the blood. Clear up the skin by taking Dr. King's New Life Pills. Their mild laxative qualities remove the poisons from the system and brighten the eye. A full, free, non-gripping bowel movement in the morning is the reward of a dose of Dr. King's New Life Pills the night before. At your Druggist, 25c. Adv.

FOR YOUNG FOLKS

Sleepy Time Story That is Instructive and Entertaining.

FISH THAT BUILDS A NEST.

Remarkable Little Creature That Displays Great Ingenuity In Constructing a Home For Its Children—Eats Neighbors' Babies—A Cornfield Lady.

Tonight, said Uncle Ben, I am going to tell you about

FATHER STICKLEBACK.

"What do you think of a fish that builds a nest?" asked Uncle Ben.

"A nest down in the water?" echoed little Ned and Polly Ann.

"Yes," replied Ben, "a nest that looks very much like the nests the birds build in the treetops."

"The fish is named the stickleback. The father fish builds the nest and takes care of the little ones."

"The fish does not live in the nest, but the fish lays the eggs from which the young fish hatch inside of it."

"The nest has two doors, and they open in such directions that the ocean current passes through them instead of beating against the frail walls of the nest and battering them down, as it might do in time."

"The gum with which the fish glues together the parts of the nest is spun out of its body, just as the spider spins out the silk for its web."

"Mrs. Stickleback is a great cadder. After she leaves the eggs in the nest she goes swimming off and never bothers about the little fishes."

"Father Stickleback, who has built the nest, watches over it till the little ones come out of the eggs. Then he guards them until they are old enough to take care of themselves."

"It must be a fine thing to see him swimming about with his little ones looking about him. If any strange fish tries to bother them Father Stickleback flies at him in a fine rage, and it is apt to go hard with the one who makes the trouble, for sticklebacks are fine fighters. They have a row of sharp spines on their backs, and with these they can rip and tear their enemies severely."

"Although so kind to their own young ones, the sticklebacks are not so good to the young of other fishes. Indeed, it is said that it is their weakness for making a meal of their neighbors' babies that has made them so disliked by the other dwellers in the water."

"There is one family of sticklebacks that live in the ocean, and they make their nests of seaweeds gummed together with a sticky thread which the fish supplies."

"There are other sticklebacks that live in fresh water, and their nests are made of small sticks and twigs which they can gather together on the river bottom and are glued together by means of the sticky liquid which the fish provides."

"The openings in the nest are always turned the same way that the water runs, so that it may sweep through instead of against the sides of the nest."

In the Cornfield.

All summer long the little girl in the picture has been watching the corn grow. Now that it is taller than her self and about ripe she likes to hide away in the golden forest. Soon the harvesters will come and cut the yield.

Photo by American Press Association. THE HARVEST SPIRIT.

lowing stalks and the field will be bare. Probably she will regret to see her playground thus despoiled, but there will come another year, and again the corn will grow green and then yellow, and finally once more the harvesters will gather the grain.

Cavalry Horse Wins Cup.

New York, Nov. 15.—Peter, a brown gelding, eight years old, 15.3 hands high, exhibited by the Second United States cavalry, won the Canadian challenge cup, presented by Colonel Sir Adam Beck, at the horse show here. The contest was open only to officers' horses.

NEW STYLISH STATIONERY

We are showing this week an exceptionally fine line of papeteries, including Whiting, Berlin, White & Wilcox and other makers goods. We will be pleased to have you inspect these high class box papers.

THE BRAINERD DAILY DISPATCH

By Ingersoll & Wieland

SUBSCRIPTION RATES
One Month, \$1.00; Three Months, \$2.50; Six Months, \$4.50; One Year, \$8.00 in advance.

Office in Dispatch Building on 6th St.

Entered at the post office at Brainerd, Minn., as second class matter

THURSDAY, NOVEMBER 16, 1916.

Minnesota still shows signs of sanity.

Amendment No. 1 has apparently been carried, and if so it was through effective advertising donated by the country press of Minnesota.

Over \$500,000 in bet money is being held by Minneapolis parties who refuse to turn it over until the official count decides "who is who."

Prosperity and "He kept us out of war", are given as the two things that gave Ohio to the democrats. A good many people besides those in Ohio "fell" for the same argument. Wheat and potatoes at \$2.00 per bushel looks pretty good, and President Wilson was responsible for neither. Post mortems are in order.

Five states were added to the prohibition territory at the recent election, which makes 23 dry ones and include more than half of the solid south, and no sane man doubts the coming of national prohibition as time rolls on. Temperance workers predict the number will be increased to 31 next year.

Charles T. Kelley, of the Menasha Journal, wants to be a member of the state fair board and his candidacy should receive consideration. Mr. Kelley has always been a Northern Minnesota booster, was president of the Northern Minnesota Development association and is as well a posted man on state affairs as can be found. The vacancy occurs because of the resignation of Secretary Simpson and the naming of Thomas Canfield to the position. We are for Kelley and hope the members of the fair board are.

An insurgent at the national Buttermakers association now in session in Minneapolis arose to the occasion and told the meeting a few truths, among which was that Minnesota wins the most National butter prizes and Minneapolis people eat some of the poorest butter in the United States. This was at a meeting of creamery men and the discussion was over the material a creamery manager was putting into the product and when reproached replied: "I know, but if I use the stuff for soap stock it means bankruptcy. It brings more as butter." The object of these meetings of the creamery men is to get at just such facts, and remedy them.

That food conditions in the war ridden countries of Europe are in a deplorable condition is evidenced by the fact that the head of the London board of trade has warned the house of commons that the situation in England has reached that point where the government may be compelled to take means to limit the food consumption. This means that those who are abundantly able to purchase food at almost any price will be restricted in their living the same as those who under ordinary circumstance would just live comfortably. It means that the food supply is short and that in order to have sufficient to prevent suffering and starvation it must be divided in order that all may have their proportionate share, and that the abundantly able will not consume an amount that will prevent others from enjoying the bare necessities of life. We in this country complain of the high price that has attached since the European war began, but we are in so much better circumstances than our friends across the sea that all should be thankful.

DEFENSE EXPECTS SEPARATE FIGHTS

Government Counsel Lays Plans to Resist 8-Hour Law Attacks.

SEEK PROMPT COURT ACTIONS

Frank Hagerman, Kansas City, Attorney, is Employed to Aid Assistant Attorney General in Suits—Gregory Has No Proposition for Roads.

Washington, Nov. 16.—Suits by railroads attacking the constitutionality of the eight-hour railroad law were begun in many parts of the country, and the department of justice laid plans to defend them.

No offer has been made by the railroads to settle the question by one test case. It was announced officially Attorney General Gregory has made no such proposition to the railroads, and the department is planning to contest each suit as it comes up for hearing.

Assistant Attorney General Underwood will have direct charge of the government's defense, and Frank Hagerman of Kansas City, Mo., has been retained to assist him. Mr. Underwood expects to appear personally in most of the cases.

Government Lays Plans.

The attorney general and Solicitor General Davis have been in conference with Mr. Underwood frequently since the first suits were filed, and the general lines of defense have been laid.

The government will resist contentions the law is unconstitutional and assert congress has ample power to enact such legislation.

Prompt and final decision by the supreme court of constitutionality of the law is possible under federal court practice, it was stated here by lawyers familiar with federal procedure.

BIG MINES CLOSED BY COLD WEATHER

Helena, Mont., Nov. 16.—Nearly all the big mines of the Anaconda Copper company in Butte are closed because of the extreme cold weather, which has resulted in freezing ores in the bins so that it is impossible to handle them with any degree of success at the Washoe and Great Falls smelters. More than 10,000 men are affected by the shutdown.

The closing of the mines at this time was said by operators to be serious from a financial standpoint, as copper is selling above 30 cents a pound and the demand is the greatest ever known.

A coal shortage, which threatens to become serious, has developed in various sections of Montana.

Governor S. V. Stewart received a telegram from citizens of Hingham stating they were out of coal and asking that something be done to relieve the situation.

OTHERS LIKELY TO FOLLOW

United States Steel Corporation Boosts Price of Rails.

New York, Nov. 16.—The United States Steel corporation announced an advance of \$5 per ton in the price of standard steel rails, Bessemer being quoted at \$38 and open hearth at \$40. It is expected that all other manufacturers of rails will take similar action.

The prices quoted represent an advance of \$10 over those in vogue for many years up to the early part of this year, when the rates stood at \$28 and \$30 for Bessemer and open hearth, respectively.

The corporation also announced an advance of \$5 a ton in angle bars.

TO MAKE DEMOCRACY DRY

Bryan Will Devote Next Four Years to That Task.

Lincoln, Nov. 16.—W. J. Bryan will devote the next four years of his life to making Democracy dry.

In an interview published here the former secretary of state says his party cannot afford to take "the immoral side of any moral question. Prohibition is the great issue now and the members of the party will not allow it to be buried in a drunkard's grave."

Mr. Bryan will begin the campaign immediately. He will speak at Indianapolis Saturday and at Chicago Monday.

TWO STOCKMEN ARE KILLED

Great Northern Trains in Collision Near Minneapolis.

Minneapolis, Nov. 16.—Guy Rager, aged thirty, Chester, Mont., and E. R. Spiers, Minot, N. D., stockmen en route to South St. Paul, asleep in the caboose of the first train, were killed in a collision of Great Northern freight trains in the Cedar Lake yards near Hopkins. The caboose and five cars were demolished.

APPRECIATES DISPATCH WORK

Editor Dispatch Thank you for what you did for me. Perhaps it would interest some to know that my son was wounded with shrapnel in his head, back and right arm while fighting with the English. He is doing nicely and expects to go to the front again.

He is at North Ewington War Hospital, Leicester, England, Ward 6, and says he is being treated like a prince.

The Dispatch is like a big letter from home. I have had it ever since the old Brainerd Journal was turned over to you. I do not believe I have missed a copy, if I did I wrote for another. Hoping it will exist for many years to come.

Yours respectfully,

MRS. C. S. CLARK.

Chase, B. C., Nov. 8, 1916.

INDUSTRIES FORM BIG ORGANIZATION

Twelve Great Activities Involved in Unity Effort.

CAPITALIZED AT EIGHT BILLION

Seven Million Employees Represented in Board Organized for Co-operation on Problems—Will Be a Clearing House for Information.

New York, Nov. 16.—Formation of the National Industrial Conference board, with twelve of the most important industrial organizations of the country in its membership, as a "clearing house of information" in the proposed study of problems now confronting manufacturers of the United States, was announced here at a meeting of the National Founders' association, an organization of iron manufacturers.

Need for Co-operation.

Frederick P. Fish, a Boston banker, is chairman and Magnus W. Alexander of West Lynn, Mass., is manager of the new organization.

William H. Barr of Buffalo, president of the National Founders' association, commenting on the necessity for the conference board, summed up its significance as follows:

"The developments of the last year, politically and industrially, emphasize as never before the need of more comprehensive co-operation."

Have 7,000,000 Employees.

Memberships in the organizations is said to number 15,000 employers giving work to approximately 7,000,000 persons and representing about \$3,000,000,000 of capital.

Frank A. Vanderlip, president of the National City bank, asserted the new board has been called into existence in response to public sentiment "demanding and needing fullness and accuracy of information affecting its vital interests."

UNION LABOR TAKES UP WAR PREVENTION

Baltimore, Md., Nov. 16.—Two methods for the United States to prepare against war are set forth in resolutions presented at the convention here of the American Federation of Labor, and which the committee on international relations had under consideration.

A resolution introduced by Al Rich of the Texas Federation of Labor urges the establishment of a commercial union between the United States and the South and Central American republics.

To this end the resolution favors the issuing of bonds by the United States government to finance steamship lines to engage in commerce among the countries composing such union and the extension of credits of loans to such countries.

The establishment and maintenance by the American Federation of Labor, in conjunction with the other labor bodies of other countries, of an international congress of labor for the hearing and discussion of the causes of disagreement between two or more nations is provided for in a resolution introduced by H. M. McLarin of the Federal Employees' union.

WINONA MAN TO BE CLERK

Marcellus Shields to Land Big Job in the House.

Washington, Nov. 16.—Marcellus Shields of Winona, Minn., is to be appointed clerk of the appropriations committee of the house to succeed the late James C. Courts, according to the statement of Representative Fitzgerald of New York, chairman of the committee.

Although Republican in politics, Mr. Shields is now slated for the clerkship, the annual salary of which is \$4,000.

"There are some ugly features in every history,"

"Well, I'll bet photography holds the record for 'em."—Baltimore American.

RUSSIA OBJECTS TO POLISH MANIFESTO

London, Nov. 16.—Diplomatic representatives of Russia, wires Reuter's Petrograd correspondent, have been instructed to hand to the governments to which they are accredited the following protest against the Austro-German proclamation establishing the Polish kingdom:

"In defiance of the laws of nations the German and Austro-Hungarian military authorities in Warsaw and in Lublin have proclaimed the Russian provinces of Poland henceforth to form a separate state.

"The imperial Russian government protests against this act as a fresh violation of an international convention solemnly sworn to by Austria-Hungary and Germany and declares it null and void.

"It reaffirms that the provinces of the kingdom of Poland have not ceased to form an integral part of the Russian empire and that their inhabitants will be bound by the oath of fidelity which they took to the emperor, my august master."

Wilson to Take Oath on Sunday.

Washington, Nov. 16.—There will be no lapse in the service of President Wilson because of the fact that March 4 next, inauguration day, falls on Sunday, according to an opinion reached at the state department. While it is not expected that the formal inauguration of Mr. Wilson will be held until Monday, March 5, he will be advised by Secretary Lansing to take the oath of office on Sunday.

Huge Terminals Planned.

New York, Nov. 16.—Plans for what probably will be the largest marine and industrial terminal in the country, to be built in Bayonne, N. J., at an estimated cost of \$7,000,000, were made public here. The site is easily accessible from New York and one of the principal objects of the proposed expenditure is to relieve the harbor congestion in this port.

Hughes Will Take Rest.

New York, Nov. 16.—Charles E. Hughes, Republican candidate for the presidency, will leave here Saturday with his family for Lakewood, N. J., where he will rest several weeks.

COST OF LIVING CAUSES UNREST

People Want Relief From High Prices of Necessaries.

DEMAND FEDERAL CONTROL

Coming Session of Congress Likely to Go Deeply Into the Question—Power of Government to Fix Prices of Food Will Be Considered—Mexico Matter Nearing a Head.

By ARTHUR W. DUNN.

Washington, Nov. 16.—[Special.]—Federal control of many activities within a comparatively short time is indicated by the interest which government officials are taking in the question of prices for the necessities of life and the demands which people are making for relief from the excessive prices they have been paying.

For many months this large and important matter has been held in abeyance while the country has been going through the quadrennial duty of electing a president. There have been mutterings about the cost of living. The Republicans twitted the Democrats during the campaign with the fact that instead of reducing the cost of living, as promised in 1910 and 1912, the prices were steadily increasing. But the answer was the European war, which also figured in the campaign as the reason for the prosperity, which had so much to do with the election.

Out of Politics.

It appears now that a stage has been reached where the extraordinary high prices must be considered as a great domestic question and unrelated to politics. Just as the pure food bill ceased to be a political question, just as the child labor bill, the irrigation bill and many other measures were considered solely in the light of what was best for the people, so these other pressing matters must be taken up and settled with out regard to partisan lines.

Of course the administration that secures the enactment of beneficial laws is entitled to the credit for passing them, but in settling such questions as federal control of public utilities or the regulation of wages and prices there must be nonpartisan action. This will be necessary mainly for the reason that the divisions in congress on this subject will not be on party lines.

Power of the Government.

The first question raised will be the power of the government. It has been raised on every question that has been brought forward since the foundation, and many things which were not permitted in the early days have found favor in later years and with the sanction of the supreme court.

If the government can fix the age limit of children working in factories, regulate the hours of labor of railroad men, fix a standard of various foods and do a number of other like things, what is to stop it from fixing prices of all products which are a part of interstate commerce? Of course many people stand aghast at the idea of the government entering upon anything quite so paternalistic as regulation of the price of food, but for years they were as much horrified at the regulation of foods, child labor and the hours of workmen. They are also aghast at government ownership of railroads, telegraphs and telephones, but serious-minded people think that such ownership is only a matter of time.

Mexico in the Limelight.

For the next few months Mexico will be more in the limelight than it has been in the past. There is going to be a more definite policy in regard to that country. The United States must either take steps of a definite character to insure protection of the border and to punish the marauders or withdraw from the country all the troops that have been sent across the border.

Nicaragua Canal.

It will not be very long before our people will begin to consider the Nicaragua canal as a serious proposition. It has become apparent that the Panama canal cannot be depended upon for all time and it might fall in an emergency which would be very vital to the United States. No naval commander would risk his fleet in the Panama canal.

Colombian Treaty.

We have with us still the Colombian treaty by which we propose to hand Colombia \$25,000,000 for taking Panama. We paid Panama \$10,000,000 for the canal strip, and if Colombia had any real title to the long strip of isthmus which was created into a republic during Roosevelt's administration possibly the \$25,000,000 is little enough to pay.

Sad Meeting Place.

The capitol building is going to be a sad meeting place for a lot of people. Many men who, both in the senate and house, left for home at the close of the last session having high hopes of success will return defeated and disappointed as a result of the election. When it is all over one can't help feeling sorry for his party opponent, who is a good fellow, but who fell by the wayside.

Quite a number of senators and representatives have been dropping in since the election and have been busy with the department business that has accumulated in their absence.

SICK HEADACHE

Thousands of women suffer miserably from periodic attacks of headache, never dreaming that a permanent cure may be had. Headache nearly always results from some disorder of the stomach, liver or bowels. Take Chamberlain's Tablets. They will correct these disorders and there will be no more headache. Many have been permanently cured by Chamberlain's Tablets. Price 25c.

Read what Mrs. R. S. Stevens, Hannibal, N. Y., says: "I have used Chamberlain's Tablets for the past three years for constipation, biliousness and headache. There is nothing I know of that affords one such genuine relief." If you are troubled with sick headache, why not give Chamberlain's Tablets a trial? Sold everywhere, 25c., or sent direct on receipt of price. Chamberlain Medicine Co.

CALGARY CITIZENS SHIVER WHEN MAINS BURST.
Calgary, Alta., Nov. 16.—Calgary shivered when, with the mercury at 10 degrees below zero, the natural gas mains burst and every home in the city was without heat. Hundreds sought shelter in the large hotels, but some of the hostlers were "cold storage plants," as they depended on cheap gas for their heat.

Milk Producers Investigating Costs.
Baltimore, Nov. 16.—The Tri-State Milk Commission of Maryland, Pennsylvania and Delaware is meeting here and has begun an investigation of production costs, distribution costs and disposal of by-products.

SURVIVES MASSACRE—MAY DIE FROM FALL.
New York, Nov. 16.—Dr. Clarence D. Usher, a medical missionary of the American Board of Foreign Missions, was injured, possibly mortally, here when he fell while attempting to board a street car. In nine years of service in Turkey Dr. Usher escaped death in three massacres of Armenians and came unhurt through bombardments by Russian and Turkish armies.

Women to Run Paris Cars.
Paris, Nov. 16.—Motor women on the Paris street railways will soon be a reality. Prefect of Police Laurent has issued an order authorizing the employment of women.

Mrs. Seawell Is Dead.
Washington, Nov. 16.—Molly Elliott Seawell, author of widely read historical romances and stories for boys, is dead here. She was fifty-six years old.

Army Puts Ban on Toads.
San Antonio, Tex., Nov. 16.—Based on complaint of postal authorities that soldiers on duty along the Mexican border have been sending live insects and toads through the United States mails, General Funston has ordered that postal regulations be observed strictly by the guardsmen.

STOP CATARRH! OPEN NOSTRILS AND HEAD
Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

HOW TO LIGHT THE LIBRARY

Meeting at Chamber of Commerce Attended by Various Organizations of the City

COMMITTEE OF FIVE NAMED

To Appear Before Water and Light Board, Endeavor to Secure Reduction in Rates and Bill

Ways and means by which the public library may be lighted this winter were discussed at a meeting held at the Chamber of Commerce Wednesday afternoon and attended by representatives of the Library Board, the Brainerd Musical club, and two committees of the Chamber to which the problem had been referred at the recent Advisory Board meeting.

R. R. Wise acted as chairman of the meeting and a general discussion of the situation followed. Henry I. Cohen, for the library board, presented figures to show the narrow margin the board has with which to meet the library expense.

The consensus of opinion favored the appointment of a committee of five, the work of which is to appear before the Water and Light board in the interests of the library and in an effort to obtain a reduction in the rate charged and in the bill for arrears as it now stands.

The chair named on this committee, Messdames W. F. Dieckhaus, C. M. Patek and C. B. Rowley and Messrs. J. A. Wilson and D. E. Whitney. They will meet in the near future with the Water and Light board and place the matter before it.

It was also decided to name a general committee of three from each of the following organizations, they to organize into a joint committee to promote the work of raising funds for the library:—Chamber of Commerce, Musical club and Library Board..

CUYUNA

George Ray Shoots Black Bear and Joen Gutarson a Deer Near Rabbit Lake

Cuyuna, Minn., Nov. 16.—George Ray, village barber, shot a big black bear near Aitkin. It weighed 240 pounds.

Milch cows were brought up around Cuyuna by Peter Nelson, of Minneapolis.

Mrs. John Johnson is suffering from an attack of the rheumatism.

Twenty-five houses of the village are being wired for electric light.

Crosby ladies attended the Swedish Ladies Aid meeting at the home of Mrs. Bjorklund.

Teachers of the Cuyuna schools at the Brainerd teachers meeting were Prof. R. J. Scofield and the Misses Sophia Thompson and Loraine Adams. They were accompanied by Miss Buchanan of the Wolford school. Joen Gutarson, clerk of J. J. Petrarborg's store, shot a deer near Rabbit Lake.

A Wilson Cigar

A big fat cigar shaped like a submarine, a foot long by four inches thick, said to be a pure Havana, was presented to Pete Cardel this morning by Col. C. D. Johnson with the compliments of President Woodrow Wilson, Pete said, and the latter will smoke it Christmas morning and gives the neighbors fair notice that when they see the smoke curling out of his house, it's the cigar and the happy home is not on fire. The cigar is on exhibition at Stallman's shop in the Citizens State bank building basement.

TO CELEBRATE ANNIVERSARY

Fourteenth One of the Eagles of Brainerd a Gala Occasion on Thanksgiving Eve

BANQUET ON NOVEMBER 29TH

Turkey to be Served—Wm. T. Larrabee Caterer—Fine Musical and Literary Program

Wednesday evening, November 29, will be a gala occasion in the history of local Eagles, for on that date the lodge will celebrate its fourteenth anniversary by discussing a turkey banquet served at their hall by the well known caterer, Wm. T. Larrabee.

The Eagles have a membership of 350 and one may confidently expect that every member and his wife will be there. The committee in charge of arrangements includes Art Drogseth, S. R. Adair and Ed Stallman.

A program replete with song, oratorical effusions, musical numbers, etc., will be given. A large number of Eagles from out of town are expected, many Brainerd members retaining local membership even when removing from the city.

REASONS WHY YOU SHOULD ATTEND THE FARMERS SHORT COURSE IN BRAINERD NOVEMBER 21 TO 25 INCLUSIVE.

1. You will identify yourself with the people who are boosting for better things for Crow Wing County.
2. You will get the advice of experts on your farming, housekeeping and community problems.

5. You will get the benefit of other farmers experience.
6. You will see some of the products that can be grown in Crow Wing County in an off year.
7. You may not have the chance next year, as the course has been provided for this year by special permission.
8. There is no charge for the course.
9. You will get acquainted.
10. A convenient meeting place has been provided.

Fake Farm Loans is a New Swindle

Washington, Nov. 16.—In the wake of the farm loan law there has developed a new swindle, the farm loan board said today,—selling farmers stock in joint land banks through fake farm loan associations formed principally to furnish to promoters and stock salesmen the wherewithal to eat and sleep and go to an occasional show.

The board has passed regulations intended to stop the sale of stock by fake associations. The regulations state that no joint stock land bank shall be recognized when money has been spent on its promotion, and forbid recognition of the banks until organization of the federal land banks.

Swindlers, the board said, have operated by selling the farmers \$50 shares in farm loan associations for \$100—the surplus fifty going for "promotion". Of that \$50, too, \$25 goes to the salesman. In most cases, it was said, such companies are not organized with any intention of helping out the farmers; therefore the anti-promotion expenses regulation.

It is not intended, the board said, to hit legitimate farm loan banks. But in many cases there is evidence that needy farmers are being mulcted by the holding out of anywhere from 15 to 50 per cent for "promotion." To make a bank legitimate, the money garnered from the sale of stock must be available for loans to farmers—not for expenses to promoters, it was said.

To Toughen Glassware.

Immerse the article in a pot filled with cold water to which some common salt has been added. Boil the water well, then cool slowly. Glass treated in this way will resist any sudden change of temperature.

THINKS HE CAN FIND THE BODY

Man in Hospital in Duluth Writes Brainerd Citizen About Finding Body of S. P. Coffrain

SOUNDING WITH FISH POLES

Waves Will not Move Him, It Takes Current of at Least Three Miles an Hour to Move Body

Following the offer of a reward of \$150 for the recovery of the body of S. P. Coffrain, much publicity has been given the same and many inquiries have been received by Brainerd citizens. The following is a letter from a Duluth man recovering from an operation and he writes from his bed of pain as follows:

Permit me a suggestion or two in your search for the body of S. P. Coffrain as per article in this morning's paper of Duluth.

I am writing from my bed in the hospital, having been operated on five days ago, so kindly forget style and pencil.

My qualifications to suggest covers 15 years in my present profession, having recovered very difficult drowned cases and never a failure. If I were on my feet I would gladly go to Brainerd at my own expense and help you with my experience.

I advise from the article I read, first locate the exact spot if possible where the accident occurred. Then by sounding with fish poles find out if the bottom is level. If so, it is just where he was drowned, as a body does not move around on a level bottom.

Second, if the soundings show a gradual slant to some given direction, by sounding follow the slant down grade until you reach the bottom. There you will find him.

Waves will not move him. It takes at least 3 miles per hour current to move him. If water stays above freezing three or four weeks, he will float. If water gets below freezing in a week or two from time of accident, you'll not see him till spring thawing time. If he was drowned near the channel, he is at the bottom, so by following the bottom of the channel you'll find him. Trusting some of this may be of some use to you, I am,

Yours truly,

M. J. FILIATRAULT.

IN RECEIVER'S HANDS

Federal Government Investigating Affairs of Certain Nashville Companies

The Empire Realty and Mortgage company, the National Home company, the Capital Security company, and the First Amortization Mortgage and Bond company of America, with their offices at Nashville, Tennessee, are in the hands of receivers of the bankruptcy court at Nashville, Tennessee. An investigation by the government disclosed that all the records and files of the companies which had any material bearing on the companies' business have been recently destroyed. The government, through the Post Office department and the Department of Justice, is making an investigation for the purpose of ascertaining if the business of these companies constituted a violation of the postal laws.

In view of the fact that the records have been destroyed, those who have had dealings with these companies at any time are requested to communicate at once with the undersigned, giving a brief history of their dealings with the companies, together with the number of the contract or agreement as well as the series and issue numbers. All letters, circulars, and advertising matter received by the contract holder from the companies are also requested, which will be returned if desired.

Address communications to Benjamin F. Ditts, Post Office Inspector, Nashville, Tennessee.

BOUCK WINS HOT SEAT

Contrary to Current Reports C. W. Bouck Has Been Relected as Representative at Large

Charles Bouck is elected state representative at large from Crow Wing and Morrison counties by a margin of 117 over Milo N. Young, according to reports of corrected returns received yesterday at the capitol.

Worms Sap Your Child's Strength

Is your child pale and fretful? Does he cry out in sleep or grind his teeth? These symptoms may mean worms, and you should obtain relief at once. Kickapoo Worm Killer is a pleasant remedy that kills the worm, and by its mildly laxative quality expels it from the system. Worms sap the vitality and make your child more susceptible to other ailments. Your druggist sells Kickapoo Worm Killer, 25c a box.—Advt.

To Test.

"I suppose when you went out in your new touring car you felt it was a turning point in your career."

"It was. My wife turned pale and the car turned turtle."—Baltimore American.

E. E. ROBERTSON DIED SUDDENLY

Was Found Dead in Bed at his Home in St. Cloud when Boy was Sent to His Room

WAS FATHER MRS. C. A. NELSON

A Man of Great Courage, He Became Famous all over the State as a Brave, Fearless Officer

(St. Cloud Journal Press) Ebenezer E. Robertson, one of the best known of the early pioneers, was found dead in bed Wednesday morning.

He had complained of not feeling as well as usual for the past few days, but was not confined to his room, and there were no apprehensions that his condition was at all serious.

He was born near Halifax, 81 years ago, and came to St. Cloud in 1886, being employed in the general store of Pickett & Abbott. He was married a few years after his coming to St. Cloud to Miss Belinda Pickett. Mrs. Robertson died six years ago. Since that time Mr. Robertson has made his home with Mr. and Mrs. J. J. Hick Mrs. Hick being an adopted daughter.

Mr. Robertson was at various times engaged in mercantile business but for 18 years was a member of the St. Cloud police force and was chief of police under several mayors. He was a man of great courage and in pioneer days the position of police officer was not an easy one. He became famous all over the state as a brave and fearless officer, and even in the days of the river drivers and lumberjacks, St. Cloud was a well governed city, under his administration.

Considering his advanced age, he was very active, and took a keen interest in public affairs, and was especially well informed. He was a man of generous, kindly impulses, and his acquaintances were all his friends.

He is survived by a daughter, Mrs. Nelson, wife of Dr. C. A. Nelson, of Brainerd, and his adopted daughter, Mrs. J. J. Hicks and a brother, A. F. Robertson, of Montana.

The funeral services will be held Friday afternoon at 2 o'clock, at the Hicks home, 827 First avenue south, Rev. E. V. Campbell officiating. Interment will be in the family lot in North Star cemetery.

Turkeys will Cost 40 Cents Per Pound

St. Paul.—Now h. e. l. has hit turkey gobblers. Dealers today said they will cost 35 to 40 cents a pound, compared with 25 to 30 cents a year ago. The birds are arriving now at the rate of 600 a day.

PRAYER FLAGS OF TIBET.

Every Flutter Sends a Plea to Heaven, the Natives Believe.

Encircling the buildings of Thasa, Tibet, is the sacred road, merely to walk along which absolves the mortal from all earthly sins, and many pilgrims prostrate themselves for its entire length, thus securing everlasting happiness in their future life.

The most interesting portion of the sacred road is where it runs through some sharp limestone rocks, carved deeply with figures of Buddha painted in many colors.

From the rocks prayer flags are suspended on lines running to an island in the river. These prayers are universal in Tibet, and so long as they are moving they are recording prayers for the benefit of those who put them up.

All devotees, men and women, walk, always turning a small hand prayer wheel filled with minute prayers printed on thin paper, and larger prayer wheels, filled in some cases with tons of paper prayers, are set revolving by the devout or are sometimes worked by water power. Smaller ones are turned by the hot air rising from butter lamps.

Single prayers printed on this cloth are strung vertically on poles or stretched across open spaces to flutter in the wind and thus send millions of prayers vibrating toward the omnipotent for the benefit of some one's soul. They are most picturesque. An old lama I once questioned on the subject told me "that if the person turning the wheel truly believed that by doing so he was accumulating merit it would certainly count as a meritorious action."—National Geographic Magazine.

Table Etiquette.

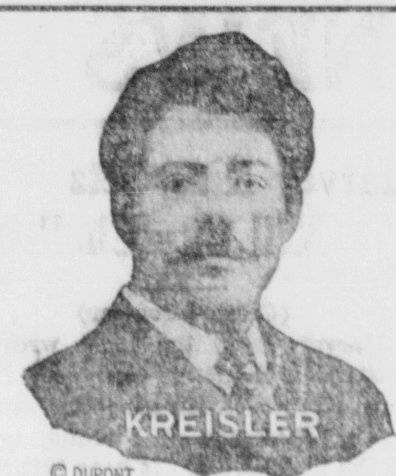

Don't rattle your knife and fork. The napkin rings are more musical.

Don't rest your arms on the table. Stack your weapons in a corner before dinner.

Never leave the table until the others are through. If in a hurry, take it with you.

Never eat pie with a knife. It's proper to eat cheese with pie, but knives should be eaten alone.

Cigarette smoking is permissible at the table—if you are dining alone and have a grudge against yourself.—In dianapolis Star.

© DUPONT

"I have recently listened to the Victor Records of my violin playing and have more than ever been impressed by the marvelous faithfulness with which they reproduce, or rather re-create the minutest details of phrasing and every shade of tone-color, in short, the personality of the player."

Truly, Victor Records are the last word of mechanical reproduction and quite justly does the civilized world all over the globe today look upon them as an inexhaustible source of pleasure and education.

FRAUD ORDER NOW IN EFFECT

National Mail Order Brokerage Exchange, 520 Globe Bldg., Minneapolis, Under the Ban

THE SILK PETTICOAT SCHEME

One Worth \$4.75 Promised if Addressee Paid 10c and Started a Chain of Five Letters

J. C. Koons, acting postmaster general, has written the following letter to all postmasters:

It having been made to appear by evidence satisfactory to me that the NATIONAL MAIL ORDER BROKERAGE EXCHANGE, at 520 Globe building, Minneapolis, Minnesota, is conducting a scheme for obtaining money through the mails by means of false pretenses, representations, and promises, in violation of sections 3929 and 4041 of the Revised Statutes, as amended, and that communications addressed to this concern are unmailable within the meaning of section 4 of the act of March 2, 1889 (sec. 484, P. L. & R., 1911), all postmasters are hereby directed to withdraw from the mails all matter of any kind addressed to this concern and return the same to the sender where known, and where not known to send such matter to the Division of Dead Letters for proper disposition. Wherever possible, postmasters should decline to receive such matter for mailing.

The scheme conducted under this name consists in the sending out of circular letters in which a silk petticoat worth \$4.75 is promised to the addressee provided she will remit 10 cents to the concern and send five exact copies of the letter received by her to five of her acquaintances. The promoters of the scheme have left Minneapolis and can not be located, and many thousands of letters are now being received at the post office at Minneapolis for this concern which cannot be delivered and are being treated in accordance with the provisions of a fraud order issued against the National Mail Order Brokerage Exchange on the 28th instant.

Forget Your Aches

Stiff knees, aching limbs lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply! It penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than many ointments or poultices. For strains or sprains, sore muscles or wrenched ligaments resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your Druggist, 25c.—Advt.

The Eternal Feminine.

"Did you have a pleasant afternoon, dear?" asked the man.

"No," snapped the wife; "I had a perfectly beastly afternoon."

"Why, I thought you were going down to buy a new hat?"

"I was, and I did."

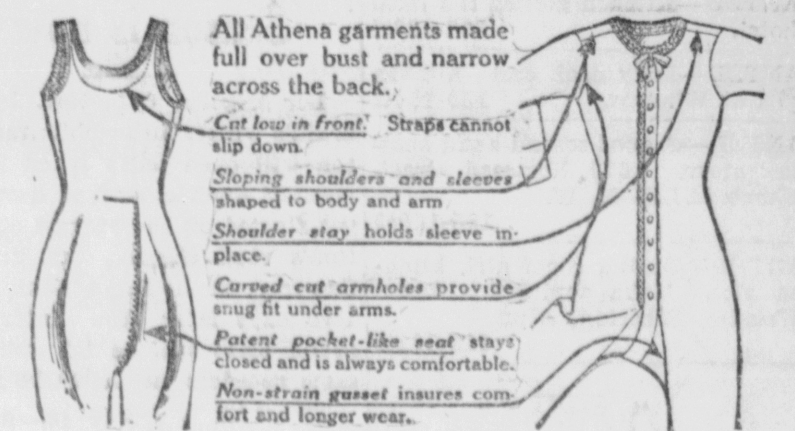

"Then why didn't you have a good time? I thought—"

"Yes, you thought. Well, I'll tell you. I intended to have a lovely time buying that hat, but they had just what I wanted at the first store I went to, so I had to buy it. And there wasn't anything to do for the rest of the day, so I couldn't enjoy myself one bit."—Brooklyn Eagle.

In Iceland whistling is forbidden as a breach of divine law.

America's typhoid fever bill is more than \$270,000,000 a year.

SPORT NEWS

Winter Motor Racing Season is now Open

Los Angeles, Cal., Nov. 16.—California's winter automobile racing season will open today when the foremost of America's speed demons will get started on the biggest of the nation's road classics, the Vanderbilt Cup race, on the Santa Monica course. Two days later, the international grand prize will be the goal of the same speeders on the same road.
The entry blanks which have been sent to the most prominent of racing kins carry the information that the two races are the last of the year which will have anything to do with the final standing of drivers in the A. A. A. alignment, which carries also the championship awards of medals, and \$12,500 in prize money.
Los Angeles will jump into the limelight on Thanksgiving day when Acot Park will be opened with a 200 mile speed event. Christmas Day will see another big race, St. Nicholas sweepstakes which carry \$5,000 in prizes. Two more races are set for the spring on this track.
New records are looked for in the Santa Monica race, where Eddie Pullen burned the course for a record of 87.89 miles.

Four Records Smashed

Kansas City, Mo., Nov. 16.—"In one of the fiercest horsehoe flinging frays ever recorded," says a Kansas City newspaper, "four records were smashed and a fifth tied, Missouri humbled Kansas."
"War Hoes" Fox, the newspaper declares, was the big star of the contest. The account of the "fierce" contest goes so far as to explain the mysteries of horsehoe heaving by stating that the perfection of a horsehoe game is gauged by the sacrifice ringer column; viz, if all pitchers were perfect and did not miss a shot there would be nothing but "dead" ringers as there is no credit given for two ringers when topped by two ringers—a perfect play—except in the sacrifice column.

Joe Tinker Thinks He has Found Prize

Chicago, Ill., Nov. 16.—Joe Tinker thinks he has a prize in 19-year old Ed McGinnis, and is grooming him for the first sack position with the Cubs in case Vic Seiler's bad eye aight bars him next season.
McGinnis is from Boston and first played semi-pro ball in Maine two years ago. Boston signed him last fall and he played last summer with St. Johnsbury, Vt. Tinker heard of his playing and grabbed him after looking him over.

American Speedway

Chicago, Nov. 16.—Officials of the leading speedways in the United States are here today to organize the American Speedway association, which will handle details of racing not covered by the American Automobile association. Among these in the standard of prize money, payment of shipping expenses to entrants and allotment of championship dates. A tentative plan for the organization was mapped out two weeks ago in New York.

FRANCE WILL ECONOMIZE TOO

Government Expected to Issue Decree Settling Fuel Restrictions.
Paris, Nov. 16.—Under a government decree which is about to be signed, France is to begin a series of war economies. A national board of supervision presided over by Ex-President Armand Fallieres will be invested with large powers in an effort to stop waste and compel savings in the use of coal, light and provisions.
Shops, under the provisions of the decree, will begin closing at 5 o'clock in the evening and restaurants and cafes will shut their doors at 9:30 P. M. instead of 10:30 P. M.
Theaters will be closed Mondays. Moving pictures will be closed Tuesdays and cafe concerts and music halls on Wednesdays.

Stop the First Cold

A cold does not get well of itself. The process of wearing out a cold comes serious if neglected. Hacking wears you out, and your cough becomes drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Lungs and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your druggist, 50c. Adv.

Harvey Rice Gets Mill City Challenge

(Crosby Courier)
Harvey Rice, the local wrestler, received a challenge this week from Gust Kallio, of Minneapolis, welter-weight champion of Finland, to go on the mat here in the near future.
Kallio weighs 158 pounds. Rice last week Wednesday gathered in \$50 by wrestling an hour without a fall with Karhunsari, a Finnish middle-weight.
It is hoped the Crosby Athletic club can make arrangements to have Rice and Kallio come together.

RIGHT AND WRONG WAY.

The right way to build roads is to build them so good that they last.
The wrong way is to build them apparently good and waste money in constant repair.
The right way produces a road which is always fit for service.
The wrong way not only requires constant expenditure for upkeep, but gives a road that is not fit for use for a long period previous to the actual making of repairs.
Roads built the right way require small cost for maintenance and permit the use of funds for new work.
Maintenance, the heaviest expense with the wrong kind of road, has been built into the road.
Roads built the wrong way quickly reach a point where all available funds for road work are constantly needed for maintenance and repairs.
The right way makes the road tax productive. It satisfies those who pay and those who use.
The wrong way antagonizes both.

WANING OF THE HORSE.

Dr. Rowe Predicts Its Practical Disappearance From Roads In Ten Years.
"Another ten years will see national road systems covering every section of the country—the greatest practical step in the direction of preparedness that could be made," says Dr. H. M. Rowe, the newly elected president of the American Automobile association.
"In a decade we shall begin to have separate roads for freight traffic and passenger traffic, and the horse and mule will have practically disappeared. Our present highways will be greatly multiplied and largely increased in width and improved in quality. No other country on the face of the earth can make such good and profitable use of good roads as the United States of America. We will eventually excel in

THE PASSING OF THE HORSE.

that as we do in many other things. There have been wonderful changes in all matters relating to transportation since the introduction of the motorcar, but there are still greater things to come.
"We have worked for good roads for the reason that they are of equal economic benefit to the final analysis to all, and it is only just and right that the people of our country should have the advantages to which they are entitled. We have worked for unrestricted intercourse between the states through the use of motorcars, because that is a constitutional right that has been denied us. We have asked for equal taxation. That is another constitutional right that has been set aside, partly because we submitted to it willingly, I admit, but it is an injustice and constitutes unfair treatment just the same.
In addition, the owners of motorcars are being subjected to all sorts of petty annoyances—special taxes, licenses and rules and regulations regarding traffic, use of lights and many restrictions, seldom alike in two places, and which subject decent men and women to arrest and conviction, often for the most trivial reasons. Much has been accomplished. It is true, but there yet remains much to be accomplished before it can be truthfully said that the owner of a motorcar is not subjected to annoyances and unfair treatment which is not visited upon those who employ other road vehicles."

Expert Advice For the Automobile Owner
Queries and Replies Covering Matters of Importance to the Man Who Runs a Car

My car runs well on a level road and when going up a hill on high, but when I reach the top and am running on the level it starts to miss and will not stop even though I put the spark lever at different positions. To stop the missing I have to stop the car and let the engine run until it hits regularly. What would you suggest?
Your trouble is in the carburetor. Probably the auxiliary air valve sticks open when the throttle is closed. By driving the car up a hill with the hood open and some one closely watching the carburetor it should not be hard to locate the defect.

Will you kindly tell me how to refinish a car?
If it is merely the varnish that is injured, rub it off smooth and apply a new coat. The rubbing off process is accomplished by means of a pumice stone and water and a felt pad. Two quarts of finishing varnish will be required. This plan can only be carried out provided there are no cracks in the paint. If there are, a coat of color must be put on before the finishing varnish, and before the color is applied pumice stone and water must be used to smooth the surface. If the varnish is worn through, however, it will be necessary to do a complete painting job. The first step is the removal of the old paint, which may be burned off by means of a gasoline blow torch or removed by means of a paint remover, which may be purchased at any paint store. The remover is put on with a brush, and after one or two applications the old paint should come off readily with the aid of a putty knife or other similar tool. Next sandpaper the whole surface carefully and at the same time fill up any cracks or holes with putty. A special grade recommended by the paint supply man should be used. This putty should dry overnight and the next day can be sanded along with the body as a whole.
Having made sure that the surface is as smooth as possible and after wiping off all dust, the first coat is applied. If the body is wood a lead coat or wood filler should be used and if the body is metal a metal primer. The wood filler and the metal primer may be bought ready mixed, and one quart will be required. The lead coat may be made by adding a small amount of turpentine and boiled oil in equal parts to one pound of white lead. The mixture should be of a consistency to flow freely, but not too freely.
Usually three more coats are applied, but probably just as good results may be obtained by the amateur with only the one coat, for, while it is possible for him to do a satisfactory job of painting, it naturally is not as good as can be done by the expert, and with his inexperience the difference between one and three coats will not be perceptible.
Next a lead coat should be put on whether the body be metal or wood. After this coat dries the surface is rubbed smooth with the pumice stone and water.
Three coats of color are next in order. The color comes in the form of a paste and is mixed with turpentine to make it flow.
Next a little over a pound of color is mixed with an equal amount of rubbing varnish, and three coats of the mixture are used. After each coat dries the color varnish is rubbed with powdered pumice stone and water.
Stripping the car comes next, and the final step is the application of one coat of finishing varnish, which will require about two quarts of varnish.

Will you please explain what the difference is in a distributing system and a high tension magneto system? And why have so many cars taken off the high tension magneto and replaced it with a distributor?
In a distributing system electricity is conducted to the spark plugs from the storage battery through a distributor. The distributor is nothing more than a circuit breaker which sends a spark to each plug at the proper time to fire the cylinder. In a magneto system the current is generated from the magneto, which is a dynamo made to revolve by the operation of the motor. This generated current is fed from the magneto to the plugs at the proper time to fire each cylinder. In other words, a distributing system utilizes stored electricity and a magneto utilizes generated electricity. Most cars have replaced a high tension magneto with a distributor as a matter of simplification. All modern cars are equipped with storage batteries for starting and lighting, and if the current from this battery can also be utilized in igniting the motor construction is naturally greatly simplified. There are a few cars using three units—that is, a starting motor, a generator and a magneto. There are many arguments advanced for and against both systems.

Please explain the thermo-siphon cooling system.
You probably know how a hot water radiating system operates. A thermo-siphon system is exactly the same. Hot water is lighter than cold water. In a thermo-siphon system two tubes extend from the radiator to the water jacket of the motor, one from the top and one from the bottom. Motor heat raises the water in the jackets to the upper tube, and expansion forces it through the tube into the top of the radiator. Cold air rushing through the radiator reduces the temperature of the water, and the colder liquid settles to the bottom, from where it passes through the lower radiator tube into the motor water jacket, where it again becomes heated. In other words, there is a complete cycle of the water, just as in the revolution of the crank shaft. The circulation is automatic, due to the expanding properties of water.

AMERICANS OUTGUESS VILLA, LEAVE SAFELY

El Paso, Texas, Nov. 16.—Francisco Villa referred to Americans as "white Chinese" at Parral, when he entered the town on horseback at the head of his troops, following its evacuation by General Luis Herrera, a Mexican refugee from Parral, declared when he reached the border disguised as a peon.
In a speech to the people of Parral, Villa said he intended to kill all Chinese and "white Chinese," meaning Americans, the refugee reported.
Villa was disappointed in his desire to slay the Americans, however, the refugee said. The mining men, alarmed at the increasing danger, left Parral Nov. 2, two days before the Carranza troops evacuated it.
They announced that they were going to the port of Culican, on the west coast, but the refugee believes they are hiding in the mountains west of Parral.
Three Chinese, however, were killed at Parral by Villa bandits.
Villa also announced his intention to go to Chihuahua City and capture it from the Carranza troops, the refugee said.

JUDGE IN AUTO KILLS MAN

Accident Occurs Just One Year After Own Son Was Slain by Car.
Baltimore, Nov. 16.—John H. Crowley, a municipal judge of Lansing, Mich., ran into and killed Edward Curtis of Baltimore while on an auto tour to Florida.
It occurred just one year after his own son had been killed by an automobile in Lansing.

LABOR CASES IN HIGHEST COURT.

Washington, Nov. 16.—The supreme court has been asked to assign for hearing Dec. 4 two cases involving organized labor and particularly the right of workmen to organize unions. Both cases are from West Virginia. In litigation of the Hitchman Coal & Coke Co. against the United Mine Workers and its officers, and of the Eagle Glass Manufacturing Co. against the American Flint Glass Workers' union and its officers.

THREE DEAD IN MICHIGAN

Hunting Season Causes Three Deaths In Three Days.
Marquette, Mich., Nov. 16.—Three deaths in three days brought about through deer hunting in the toll in Michigan's hunting season to date.
The dead are: William G. Williams, fifty-four years old; Ed F. Green, twenty-three years old, and Gust Linfors, forty-five years old, farmer, who killed himself while mourning over the arrest of himself and two brothers for illegal deer hunting.

His Great Scheme.
"I have solved the crowded car problem!" exclaimed the jubilant street railway man.
"How?"
"We'll put a phonograph in each car and keep it playing 'The Star Spangled Banner.' Then everybody'll have to stand up."—Washington Star.

CHEERFUL WOMEN

Despondency is a thing of evil origin and evil results. Worry produces nothing but wrinkles and wretchedness. Let the reader put up a little note on her bureau, on her desk, and at the head of her bed, just two words, DON'T WORRY. Worry is the greatest foe to the happiness of any household. An anxious, despondent face, a fretful, complaining voice, will make every one uncomfortable.
A woman's nerves are more truly the cause of worry than outside troubles. The nerves are of a woman's body the telegraph system, which surely warns her of any trouble in the feminine make-up.
Dr. Pierce, during a long period of practice, found that a prescription made with glycerine, entirely of roots and herbs, without the use of alcohol, cured over ninety per cent. of such cases. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable.
Women are earnestly advised to take it for irregular or painful periods, headache, displacement, catarrhal condition, hot flashes, sallow complexion and nervousness.
For girls about to enter womanhood, women about to become mothers, and for the changing days of middle age Dr. Pierce's Favorite Prescription should always be on hand. In liquid or tablet form.
Write Dr. Pierce, Buffalo, N. Y., for free 126 page book on woman's diseases. Every woman should have one. Dr. Pierce's Medical Adviser, cloth-bound, sent free to you on receipt of 3 dimes (or stamps) to pay the expense of mailing only. Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.
If you are troubled with Indigestion, Constipation, Biliousness, Biliary Headaches, and a hundred and one ills which depend upon an inactive liver, use Dr. Pierce's Pleasant Pellets.—Adv.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.
The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.
Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
